TROUBLE IS EXPECTED

An Outbreak Looked for in the Chinese Empire.

RUSSIA WILL LEAD.

In View of This Fact the United States Has Formed a New Chinese Squadron—England Has Increased Her Navy.

Washington, March 14.—The German ambassador, Dr. Von Holleben, had a long conference with Acting Secretary of State Hill in which the latter was presumably informed that a demonstration in China might be expected from Russia shortly.

The chief of the bureau of navigation, Rear Admiral Cowninshield, sought Secretary of State Hay and found him at the Hay residence, after which the navy department announced that a Chinese squadron will be established and that Rear Admiral Kempff, now commandant at the Mare Island navy yard will be sent to Manila to take this squadron for cruising the Chinese and Japanese coasts, also that Rear Admiral Remy in charge of the Asiatic station, will maintain the naval base at Manila.

It is understood that Rear Admiral Kempff's squadron will consist of the Oregon and Baltimore now at Manila, the Iowa, Philadelphia and Marblehead, now on the Pacific coast, and the Montgomery, now attached to the south Atlantic station.

It is believed here that the formation of the Chinese squadron by the United States is to be a spectacular warning to Russia and France that American interests are involved in any change in the conditions in China. Presumably Germany will make a similar demonstration.

TEXAS-LOUISIANA LINE.

It Reaches to the Center of the River of Sabine.

Austin, March 14.—Governor Sayers has received a reply to a letter which he wrote Secretary of State John Hay requesting such data as might be in the possession of the department of state that would lead to a correct determination of the location of the east line of the state of Texas—whether it is the west bank of the Sabine river or the middle of the stream. This information was desired to settle a question that had arisen as to the jurisdiction between Texas and Louisiana authorities in the prosecution of a man charged with an offense committed in a boat in the Sabine river.

The reply received from Secretary of State Hay states that consent was given by act of congress in 1848 that the legislature of the state of Texas might extend her eastern boundary so as to include within her limits one-half of Sabine Pass, one-half of Sabine lake, and also one-half of Sabine river from its mouth as far north as thirty-second degree of north latitude. The Texas legislature, in 1849, passed an act extending the eastern boundary of the state in accordance with the consent of congress.

GEORGIA TRAGEDY.

One Man Killed, One Fatally and One Seriously Wounded.

Augusta, March 14.—At Forest Hill 10 miles from here, at a school entertainment, a bloody fight took place between Harvey Moran and two sons, Harvey and Hurby on one side, and the Hamilton brothers, Straunder, Cass and Carlis on the other. Bad feeling had previously existed between the two families and when they met in the crowded school room the Hamiltons attacked the Morans and a fierce fight followed. Knives were drawn and pistols fired. Women fainted and children screamed and the men made a rush for the doors.

When the fight ended it was found that Hurby Moran had been shot to death and a brother horribly beaten, while Carlis Hamilton was fatally wounded with two pistol balls and the two other combatants seriously cut with knives.

Two of the Hamilton boys were lodged in the Brooksville jail. Feeling runs high in the vicinity against them.

Change in the Armour Firm.

Chicago, March 14.—Final steps have been taken for the incorporation of the Armour packing interests with a capitalization of \$20,000,000. Formerly the business was conducted as a copartnership. The incorporation will not change the management in any sense. The papers which have been forwarded to Springfield for filing provide for a private corporation, embodying all the packing interests of Armour & Co. Philip D. Armour will be president of the corporation.

Root Talks to Cubans.

Havana, March 14.—Secretary of War Root in addressing the members of the Planters' association said he understood distrust existed as to the carrying out of the joint resolution of the United States

congress. He declared, however, the American government intended to fulfill every obligation and that the Cubans should believe and act accordingly.

Turning Back to Cotton.

Columbia, S. C. March 14.—The sale of fertilizers this year are nearly one half more than last year. The inference is that the acreage of cotton has been increased proportionately. Hard freezes have injured small grain and farmers inspired by the prevailing prices, are turning to cotton.

KENTUCKY LEGISLATURE.

Adjournment Taken after a Remarkable Session at Frankfort.

Frankfort, March 14.—The legislature of Kentucky adjourned sine die at 5 o'clock yesterday afternoon. A conference between Adjutant Generals Castleman and Collier resulted in a perfect understanding being reached. Governor Taylor will continue to act as governor. Governor Beckham will make no move toward securing possession of the state building until after the court of appeals has decided the disputed governorship. The legislature appropriated \$100,000 for the use of Governor Beckham in reorganizing the state militia. This is in brief the situation in Kentucky politics.

Among the more conservative element in each party the opinion prevails that the worst is over, and that when the court of appeals renders its decision, the danger of a civil war in the commonwealth which has been terribly imminent, will entirely have passed away.

To the Democratic leaders, with a full understanding of the situation, only one cloud appears on the political horizon, that is Governor Taylor's future course.

Governor Taylor himself will not outline his plan of action, beyond the statement which he made to an Associated Press correspondent that he would "continue to act as governor." Republicans in Governor Taylor's confidence however, say that he will remain in Frankfort in the discharge of his duties until the court of last resort passes upon the question at issue. Then if the decision be against him he will step out at once and turn over the state buildings to Gov. Beckham.

The Republicans will make every effort to carry the dispute into the Federal courts in case the decision of the court of appeals, the supreme court of Kentucky is against them, but failing in this they will consider the question settled.

The Democratic leaders assert that they will cheerfully abide by the decision of the court of appeals. But should that decision be in their favor, they will insist on the occupancy of the state buildings, "peacefully if possible, but forcibly if necessary."

The anti-Goebel Democrats will not get any pay, as they have not attended the senate regularly enough since the assassination of Goebel. The Republican senators will receive pay, for President Carter says they had cause for not attending.

Another Arrest.

Frankfort, Ky., March 14.—Gabriel A. Taul of Hardinsburg was arrested for supposed complicity in the assassination of Governor Goebel. The sheriff and police officials here refuse to give out any information in regard to the arrest.

Taul Released.

Frankfort, March 14.—Gabriel Taul, the Breckenridge county suspect, has been dismissed. Detectives say there is nothing in the charge against him.

HORROR AVERTED.

Some Unknown Attempts to Blow up Forty-Nine Miners.

Phoenix, A. T., March 14.—Advices from Whipsaw mining camp, 60 miles from here, say that a plot to blow up 40 men there was almost successful. The men were sitting around the tables in the messroom last Sunday, when one of the miners who was about to enter the room discovered a burning fuse, which he removed. But for this discovery, in two minutes the sparks would have reached a charge of giant powder sufficiently heavy to blow into atoms the messhouse and all its occupants.

A miner who recently came into camp and of whom little is known except that he is eccentric, is suspected of planning the destruction of the working men. He disappeared shortly before the dinner hour. A party of miners scoured the hills in a futile attempt to locate the missing man and the authorities have been notified.

Wreck on the Panhandle.

Marion, Ind., March 14.—A wreck occurred on the Panhandle railroad here. Section 4 of freight train No. 84 crashed into the rear of section 3 demolishing the caboose and three freight cars and seriously injuring Fireman Tuberty. Section 4 was being drawn by two engines, and coming into Marion down a steep grade the engineers lost control of the heavy train and crashed into the train ahead.

Suit by Price's Heirs.

Richmond, Ind., March 14.—The late Charles T. Price, Sr., who died owning a considerable estate, gave the bulk of it to the Laskin cooperative settlement in Tennessee. The widow and children have joined in a suit to have the will set

aside on the ground of unsoundness of mind and undue influence. The widow received only a home for life and the interest from \$1500, while the children were entirely cut off.

Shooting Scrape at Pana.

Pana, Ills., March 14.—Ben Vickers shot and seriously wounded Joe Mullens and James Farrel in this city. The trouble arose over the primary election last Saturday. Mullens and Farrel clashed with Vickers and the fight was renewed with the result that Mullens was shot in the kneecap and Farrel was wounded in the fleshy part of the leg. Vickers gave himself up.

Chickasaw Legislature.

Denison, Tex., March 14.—The special session of the Chickasaw legislature that it was expected would be called early in the present month, has been postponed on account of business reasons and will be called about April 1. There will be several matters of importance to attend to. Governor Johnston will issue the proclamation.

The republicans are having a
hard time trying to harmonize ex-
pansion and protection. The dem-
ocratic view is that two are irrec-
oncilable.

Bryan cannot intelligently at-
tend to the matters which will con-
stantly come up for consideration
without a business men's or citi-
zen's league. Let the organization
of one be no longer delayed. The
improvement of the county roads
should now be taken up and
pushed by such an organization
with great profit to everybody.
The roads could all be put in good
shape by organized effort at a
small expense.

The stockmen's convention at
Ft. Worth has developed a big de-
mand for cattle. It is said the
northern range men want all Texas
can sell them, there being a scar-
city of stock cattle for the ranges.
They are willing to pay \$20 to \$23
for yearlings and \$22 to \$25 for
2-year-olds. There has been lots
of trading at the convention.
There appears to be plenty of
young cattle in the state, and they
are all good property.

THE BIG GINNEY.

Oil Mill Management Closed the Contract Yesterday.

Late yesterday afternoon the oil
mill management finished the work
of awarding the contracts for im-
mense ginning plant they will es-
tablish here and operate in connec-
tion with the mill. The Chatham
Machinery Company of Bryan
was awarded the contract for six-
teen 70-saw gins—the Munger sys-
tem complete. Heitman & Co., of
Houston, will supply one Sioux
City 215 horse power Corliss en-
gine; and J. H. McDonough of Dal-
las, two Erie City boilers of 250
horse power, two hydraulic pumps
and an Erie City heater.

Having their own electric light
plant the gin will run night and
day and will have a capacity of
200 bales per day. The manage-
ment expects to have the plant
ready to gin the first bale of cotton
which comes to Bryan the coming
season. The price charged for
ginning will be 50 cents per bale.
The enterprise represents an
investment of \$20,000, and com-
bined with the oil mill makes one
of the largest enterprises of the
kind to be found in the state.

Securing this big contract is a
feather in the cap of another one of
our local firms—the Chatham Ma-
chine Company of which Messrs.
A. M. and H. G. Rhodes are the
proprietors. They were in com-
petition with six of the strongest
gin machinery companies in the
United States. That they are hus-
tlers goes without saying.

Protracted services will begin at the
Presbyterian Church next Wednesday
at 7.45 p. m. We ask the prayers of
all christians. All are invited to at-
tend. J. D. West. 18

NEARING BLOEMFONTEIN.

Roberts Is Expected to Enter the Free
State Capital Soon.

London, March 14.—A few hours
should bring important dispatches from
Roberts. Not a word has come from
Bloemfontein, although sharp fighting
is believed to have occurred since the
commander-in-chief was last heard of.
London confidently expects the occu-
pation of the Free State capital will occur
in a short time.

In the meanwhile attention turns to
Mafeking. That hamlet of the plains
can scarcely hold out much longer. The
news of Plumer's approach has given
substance to rumors of its relief, but
those best informed are inclined to think
relief will more likely become accom-
plished by Peakman's column from Kim-
berley. Private advices set forth that
Plumer had almost given up hope of ac-
complishing anything more than harass-
ing the Boers, though since the possi-
ble diminished number of the investing
force may have rendered Plumer's task
more feasible.

Judging from the lack of news every-
thing is quiet in Natal, while from
Harschel comes a statement that a total
collapse of insurgent Colonists is im-
minent.

Cronje, according to a Cape Town
special, sails for St. Helena at once, ac-
companied by all Paardeberg prisoners.

Cecil Rhodes is suffering from catarrh
of the stomach, and is unable to sail for
England.

Natal despatches report the greatest
satisfaction felt there at Salisbury's re-
ply to the Boer presidents' peace over-
tures.

A dispatch from Pietermaritzburg,
published in The Times says: "The re-
ply, especially the last paragraph relat-
ing to independence, has been received
in Natal with a feeling of great relief,
and is dispelling all doubts."

A private dispatch from Johannesburg
has been received in London dated Sat-
urday, March 10, contradicting the re-
ports that the mines are flooded and all
machinery broken, and asserting all is
well.

in the city is invited to bring her doll

will be prizes given for the handsomest

and the doll with the most neatly sew-
ed clothes made by the owner. Also
prizes for the largest kite, the smallest
kite, the kite with the best tail and the
most neatly made kite made by the
owner. The dolls and kites must be
sent to the residence of Mr. DeMaret
on Friday, March 23, after school
hours. The proceeds in aid of the
Episcopal Church. 95

NOT YET FOR PEACE

The Reply of the British Government
Has Been Sent to Consul Hay
at Pretoria to Be Delivered
to Kruger and Steyn.

Washington, March 14.—The answer
of Lord Salisbury to the message from
Presidents Kruger and Steyn, which
was transmitted through our govern-
ment, has been received by Secretary
Hay through Mr. White at London. As
indicated the answer is a declination of
the appeal. It has been transmitted to
Adelbert Hay, United States consul at
Pretoria, who will submit it to the pres-
idents. This marks the end of the first
overture towards peace.

It is believed here, however, another
effort will soon be made by the Boers
to attain peace, though the recourse
may be had to some other agency than
the United States. The president de-
cided that it is not proper at this time
to make public the text of the communi-
cations which passed between Pretoria,
London and Washington relative to
peace negotiations. Therefore the Allen
resolution adopted by the senate calling
for the correspondence must remain un-
answered for the present, though there
is reason to believe the cause for main-
taining secrecy on this point will soon
disappear.

It is stated, however, that press dis-
patches have indicated the salient fea-
tures of the correspondence with suffi-
cient accuracy and about the only omis-
sion so far as can be learned, was the
failure to develop the fact of an appeal
from the Boer government that United
States might be allowed to intervene was
accompanied by an earnest expression
by the president of his willingness to do
anything within his power to bring
about a termination of the war which
he hoped might be attained.

Lord Salisbury's reply, while firmly
declining the request of the Boer gov-
ernment, conveyed his appreciation of the
commendable sentiments which in-
spired the president's utterances.

NO ANSWER YET.

Great Britain's Reply Not Received to
Peace Propositions.

Washington, March 14.—No answer
has been received up to early this morn-
ing from the British government to the
representations made through Mr.
Choate, touching the restoration of peace
in South Africa. In view of this fact,
it was decided by the cabinet, upon an
explanation of the case by Secretary Hay,
that it would not be proper at present to
make any statement relative to the part
which the United States government is
taking in the effort to terminate the war.

It is held that whatever matter is to be
made public touching the peace negotia-
tions, must emanate from one of the
principals, Great Britain or the South
African republic, as the United States
being nothing more than an interme-
diary is not justified in betraying the
secrets of the principles. It is stated
again on the highest authority that in
its present capacity the United States
government is not a mediator but is sim-
ply a "go-between."

Not a single proposition to serve as a
basis of a peace agreement between
Great Britain and the Boer republic
was set out in the communication to
Lord Salisbury. All that was ventured
in the first overture was an inquiry as to
what Great Britain was likely to de-
mand as to the price of stopping the war.
To have gone further and have proposed
terms on our own account might have
placed the United States in the position
of an uninvited mediator.

Pacific Express Company Sued.

Omaha, March 14.—T. K. Sudborough
former chief clerk in the auditor's office
of the Pacific Express company, has
sued the express company and Erastus
Young, its auditor, for \$30,000 damages
alleging that by reason of his arrest on
May 26, 1898, on the charge of embezzle-
ment he has been brought into public
scandal and disgrace. For a long time
prior to 1898 Sudborough was chief clerk
in the general offices, which were then
in Omaha. W. F. Bechtel was the au-
ditor. In 1898 there was a reorganiza-
tion of the offices, and Bechtel and Sud-
borough were thrown out. The new offi-
cer of the company caused the arrest of
the two men. Both were acquitted of
trial. Some time ago Bechtel sued the
company and Young for \$40,000 dam-
ages.

Robbed a Safe.

Dubuque, March 14.—Usually in the
office of the Key City Cooperative com-
pany nothing is left except the books of
the concern. Hanging to the handle of
the safe is a card reading as follows
"If anyone wants to open this safe all
he need to do is to read the combination
and apply it." For years the safe has
been undisturbed, but last Saturday
evening \$18 collected by Mrs. Lang
worthy, the secretary, as church funds
were put in the money box, and that
night burglars broke in and secured
the money besides destroying books and
papers. It was the first time money
had been left in the safe. The burglars
stayed there some time, leaving beer
cans as a reminder of the good time
had.

WASHINGTON NEWS.

Financial Bill Needs Only President's
Signature to Be Law.

Washington, March 14.—The last legislative step in the enactment of the financial bill was taken up by the house of representatives yesterday when the conference report of the bill was adopted by a vote of yeas, 166; nays, 120; present and not voting 1. The senate had already adopted the conference report so that it remains only for President McKinley to affix his signature to a measure to make it law. Representative Overstreet, the author of the bill, will take it to the White House today for the signature of the president.

Personal explanations were made in senate by Mr. Allen of Nebraska and Butler of North Carolina of their positions on the financial question. Both announced their belief in the free and unlimited coinage of silver at the ratio of 16 to 1. The statements were called out by reports to the contrary, which had gained circulation.

Mr. Turner of Washington began an extended report on the Puerto Rican bill. He maintained that the present measure clearly was unconstitutional and expressed his belief that it would so be held if it were passed upon by the supreme court. He still held the floor when the senate adjourned.
